NEW CASTLE CLUB SPONSORS GROUP

New Bedford Lions club was
officially launched on Thursday
evening, when fellow clubs from
11 adjoining cities and towns
joined at Schuster's on Route 18
near Greenville to give the new
group a flying start.

Highlighting the event was the
presentation by Arthur Meek, New
Castle district governor, on behalf
of the Lions International, of the
charter to Melvin Moorhouse, president
of the New Bedford club. The
New Castle Lions club was the
official sponsor of the newly
organized club.

Gilronan Presides

Presiding as toastmaster over
the event which drew 276 Lions
and their wives from the two-state
area, was "Eddie" Gilronan, popular
emcee from the Youngstown
Lions club. He introduced the prin-
cipal speaker of the evening, Dr.
Arthur S. Haines of Pittsburgh,
past international director of Lions.
S. Glenn McCracken, president
of the New Castle Lions, presented
the membership certificates to the
charter members of the "cub" Lion
group. Seated also at the speakers
table were Earl T. Ramsey, chair-
man of the committee on extension
activities for the New Castle club
and Rev. Harry A. Silvius, president
of the Volant Lions club, who
offered the invocation.

Tail Twisters In Action

Outstanding on the humorous
end of the event was the presence
of the New Castle "tail twisters"
who literally bound and gagged
Otto Goist, the New Bedford "tail-
twister" who remained in that
condition for approximately 45
minutes while they took over his
duties. Following other stunts and
gags, special music was presented
by "The Four Statesmen," a quar-
tet from Westminster College. Mr.
Moorhouse in his own inimitable
style told a small town humor
story which kept the group roaring
for some time.

Clubs Represented

Clubs represented at the affair
included: New Castle, Greenville,
Farrell, Youngstown, Volant, El-
liwood City, Albion, Pa., Spring-
boro, New Bethlehem, Butler and

The first sidewalk to be laid in
1948 on Neshannock avenue, was
being placed in the 300 block of
the street on Thursday. Property
owners are taking advantage of the
good weather in making outdoor
improvements.

We notice that Owen Fox and his
co-workers of the city, have fixed
up the three stone pillars on the
Diamond, surrounding the park,
that were recently damaged by au-
tomobiles.

Mrs. El Smolinski of Lakewood
reports there have been lots of
wild ducks on the lake during the
past few days of spring-like weather.
Muskies could also be seen
around the lake.

In the flower garden of Dr. G. E.
Seal of East Washington street, on
Thursday, a number of shoots from
narcissus and daffodils had ap-
peared almost an inch above the
ground.

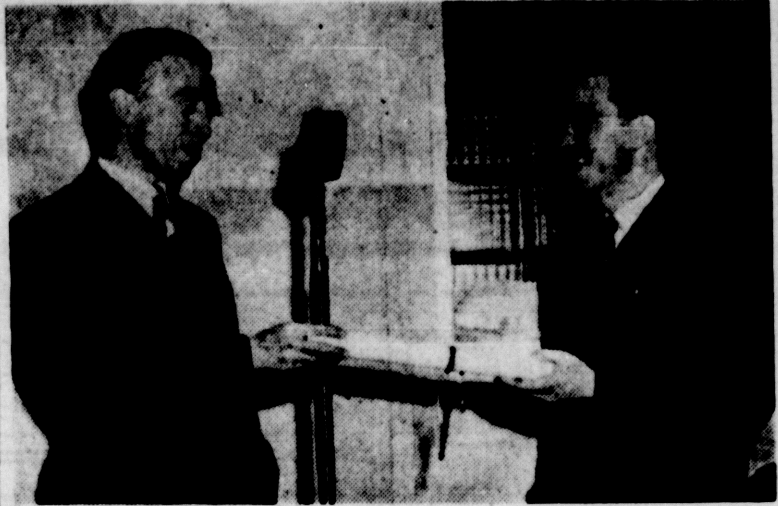

One of the greatest drops in
temperature seen in some time
was noted between Thursday after-
noon and this morning, when the
mercury fell from a high of 66 de-
grees to a low of 17 degrees, a
drop of 49 degrees.

Big Ice Jam At Brady's Bend Is Reported Moving

No Damage To Highway Bridge
Or Homes Reported As Ice
Starts Moving Out

KITTANNING, Pa., Feb. 20.—
(INS)—The great ice jam which
has threatened a highway bridge at
Brady's Bend for almost a week,
broke up early this morning.

Neither the bridge nor nearby
homes were damaged.

The ice had piled up nearly 20
feet in some places and was within
three feet of the bridge floor.

Rising water had caused most
families in low areas to spend the
night on higher ground.

The ice gorge broke up quickly
after it began to move. State po-
lice surveyed two other ice packs
coming down the river, but found
them small and well broken.

Murray Trial Date Is Fixed

C.I.O. President Fights In-
dictment Under Taft-
Hartley Law

CLAIMS NEW LAW
VIOLATES RIGHTS

By PHILLIPS J. PECK
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 20.—C.I.O.
President Philip Murray pleaded
not guilty to charges of violating
the Taft-Hartley labor act today
and launched a fight to dismiss the
indictment on the grounds the law
violates the constitutional right of
free speech and free press.

Murray and the C.I.O. were in-
dicted of violating the labor act's ban
of union political activities.

Trial Date Set
The C.I.O. chief was arraigned
before District Judge Alexander
Holzoff who set trial for March 22.

Murray appeared both for him-
self and for the C.I.O. to answer the
government's charge that union
funds, spent to publish the C.I.O.
News, were used to influence the
election of Rep. Garmatz (D) Md.,
in violation of the prohibition on
union participation in politics.

Murray was taken to the U. S.
marshal's office and fingerprinted
at the conclusion of the arraignment
proceedings.

Judge Holzoff continued bond
at \$1,000, as originally set by the
federal district court in Pittsburgh
where Murray surrendered to federal
authorities.

The jurist tentatively set Friday,
Feb. 27, as the date on which he
will hear arguments on Murray's
motion to dismiss the charges.

Austin To Confer On U. S. Palestine Program Monday

Will Get Final Instructions
From Marshall On U. S.
Stand On Armed
Force

By JAMES L. KILGALLEN
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Feb. 20.—
Warren R. Austin will carry the
ball for the United States next
Tuesday when the United Nations
powerful security council takes up
the vital question of an armed
force to implement the partition-
ing of Palestine.

The position of the United States
will take on the issue is currently
of Paramount interest to delegates
at Lake Success, and has been open
to much conjecture.

To Confer With Marshall

Austin plans to go to Washington
Monday for consultation with Sec-
retary of State Marshall. It is
presumed he then will be given
final instructions regarding Amer-
ica's Palestine policy.

He is expected back at Lake Suc-
cess Tuesday for the opening of the
security council discussions of the
proposal.

The proposal was brought to the
forefront in a report to the se-
curity council Monday by the U.
N.'s five-man Palestine commis-
sion. They notified the council
that unless the commission re-
ceived "military forces in adequate
strength" they could not carry out
the United Nations plan for par-
titioning.

In the absence of specific in-
formation of an authoritative source,
it was generally believed this coun-
try would continue to support
United Nations policy on Palestine.
It was the consensus that the Unit-

Meet To Attempt Agreement On Austrian Peace

LONDON, Feb. 20.—(INS)—Dep-
uties of the big four foreign minis-
ters reconvene in London today for
a new attempt to reach an agree-
ment on an Austrian peace treaty.

Talks are being renewed in an
atmosphere of admitted pessimism,
with the chief issue relating to
whether the United States will ac-
cept heavy Soviet demands on Aus-
tria.

E. Samuel Reber will represent
the United States in the talks with
Ivan Kottomov acting for Russia,
General Cherviere for France and
James Marjoribanks for Britain.

The diplomatic expert of the
London Daily Telegraph said that
in event of failure of the deputies
to reach any common agreement,
Russia might press Austria to con-
clude a bilateral pact.

Claim To Have Solved 60 Safe
Robberies In Allegheny County
And Western Pennsylvania

PITTSBURGH, Feb. 20.—(INS)—
Police today claimed to have
solved 60 safe robberies in Alle-
gheny and four other western
Pennsylvania counties during the
last four years with the arrest of
five Pittsburghers.

The exact amount of the loot
involved was not estimated, but
just five of the jobs netted more
than \$22,000.

Besides the Allegheny county
robberies, the suspects have been
linked to safe jobs in Butler, West-
moreland, Cambria, Washington
and Armstrong counties, and in
Ohio and West Virginia.

Details of the case were an-
nounced by Capt. William R. Hyn-
na, who commands the state police
at Butler. His men worked on
the case with county detectives, in
the counties involved, postal in-
spectors and local police.

Los Angeles Feels Slight Earthquake

Jolt Is Felt In Downtown
Section Of City

LOS ANGELES, Feb. 20.—(INS)—
A sharp two-second earthquake
of minor consequence struck east-
ern and downtown Los Angeles last
night, spread "very slightly" to
nearby Burbank, Glendale and
Pasadena.

Dance halls, theaters and res-
taurants in the downtown section
reported a "sharp jolt" and win-
dows and dishes danced slightly.

The California Institute of Tech-
nology's seismological laboratory
reported "a very small quake, cen-
tered about 10-15 miles from Pas-
adena."

The shock, which appeared to
be strongest in the Silver Lake
district of Los Angeles, wasn't felt
in Santa Barbara and only slightly
in Inglewood.

A slight quake had also been
recorded yesterday morning at
11:55 centering near Compton.

In last night's quake, timed at
8:21, Pasadena felt the tremor, but
Beverly Hills and Culver City did
not, police reported.

General Decline In Food Prices; Nation Forecast

Reductions of 2 to 6 cents a
pound in butter prices, 5 to 6
cents a pound in some meats and
smaller cuts in other foods in the
Chicago area today foreshadow a
general decline in retail food
prices throughout the nation.

Increasing consumer resistance
to high prices was given as one of
the major factors causing the re-
ductions which were extended to
such staple foods as bacon, eggs,
flour, lard, vegetable shortening
and sugar.

Forecast Decline
Dairy company spokesmen said the
drop in butter prices forecast a
gradual decline in most dairy
products in the coming weeks.

Two large chain stores led the
way in cutting prices with the an-
nouncement that popular grades
of butter would drop to 82 and
83 cents a pound, a reduction
ranging from 2 to 6 cents and the
lowest price since last fall. The
price cuts go into effect today.

The largest butter price cut in
Chicago was for the 92-93 score
which dropped 6 cents from 88 to
82 cents. Other food chains with
approximately 1,000 stores in the
Chicago area were expected to cut
butter prices no less than 2 cents.

In New York, buyers' resistance
also forced down meat and butter
prices. Top grades of butter fell

Groundhogs Come Out First Time Thursday

On Thursday, in Gaston Park,
Owen Fox, city forester, saw the
groundhogs for the first time since
the latter part of November, 1947.

The weather being spring-like for
several days, especially Wednesday
and Thursday, they came from
their den, under a large wood-pile,
an environment taken care of by
Mr. Fox, and went to the little run
for a drink. When he saw them
first, one of the animals was tak-
ing quite a stretch, and gave a big
yawn, as if it was tearing itself
loose from the long sleep.

The groundhogs were out for
about forty-five minutes, and be-
fore returning to their homes,

gathered a quantity of dead leaves,
and took them down with them,
possibly figuring on taking a fur-
ther nap before spring arrives.

Mr. Fox has noticed during the
past seven years, that when the
first spell comes after the hard
weather, the sun shining on the
trees, has a tendency of bringing
out the bees, and the first thing
they do, is hunt for water.

This, the little creatures did
Thursday, Owen seeing about 500
of them getting down to the little
run, to satisfy their thirst. In
these seven years, he has noticed,
the day the bees come from their
hiding-place, so does Mr. Ground-
hog put in his appearance.

Chinese Aid Program Of Truman Assailed

By RAYMOND WILCOVE
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 20.—(INS)—
Rep. Eaton (R) N. J., chairman of
the house foreign affairs com-
mittee, today denounced President
Truman's Chinese aid program as
comparable to an attempt to
"change the Sahara into an oasis
with three drops of water."

Simultaneously, Rep. Judd (R)
Minn., chief exponent in the house
of Chinese aid, termed it "opera-
tion rat-hole" because the president
failed to recommend military aid
for China.

Marshall To Appear
This criticism by friends of Chi-
nese aid came as the committee
awaited an expression of Secretary
of State Marshall's views, to be
presented at an open hearing. Fol-
lowing that, the committee planned
to question the secretary in the af-
ternoon behind closed doors.

Eaton told a reporter that the
only approach to the "oriental
problem" was a Chinese recovery
program similar to that proposed

Truman Leaves For Caribbean Vacation Trip

Flies To Florida—Embarks

LEAVES HECTIC
POLITICAL ROW

By ROBERT G. NIXON
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 20.—Presi-
dent Truman left
Washington by air today for a
Caribbean vacation as a
violent revolt in the Demo-
cratic party over the chief
executive's civil rights cam-
paign mounted in intensity.

Mr. Truman, en route to Key
West, Fla., on the first lap of a
two-week trip which included in-
spection of the nation's Caribbean
outposts, took off from Washing-
ton National Airport in the presi-
dential airplane "Sacred Cow" at
10:32 a. m. (EST).

The president turned from the
hectic political atmosphere of
Washington after urging the fol-
lowers of Henry Agard Wallace to
support the Democratic ticket as
the choice of "Progressive Lib-
erals" in the 1948 election.

No Sign Of Worry
Mr. Truman gave no sign of
worry as he boarded the shiny
plane this morning. Reporters asked
him whether he had any parting
message. He replied:

"None whatever. I'm as happy
as can be."

The president, in an effort to
appease disgruntled southerners,
carefully refrained from mention-
ing his civil rights demands in his
Jefferson-Jackson Day speech last
night. He urged support of Demo-

Will Probe Report
Of Assassination
Of Yemen Rulers

CAIRO, Feb. 20.—(INS)—The
Arab league dispatched a special
commission today to the Arabian
country of Yemen to investigate the
reported death of Yemen's ruler,
three sons and Yemen's premier.

Sketchy accounts from the Im-
amate said that the ruler, the 38-
year-old Zaidi Imam Yahya ibn
Muhammad ibn Hamid Al-Dia,
three of his sons and his chief
adviser had been assassinated.

The deaths were reportedly the
result of a coup d'etat involving a
plot to seize power by other sons
of the Imam who had 16 sons in
all.

The Arab league commission
was sent to the capital, Sanaa, in
an effort to find out exactly what
had happened.

Reports reaching Cairo said that
a former son-in-law has taken over
as ruler and that one of the
Imam's sons who revolted against
his father a year ago has assumed
the premiership.

mention that you warned of it.
The spring weather took a hike and

June like grace. It was too warm
I realize, but now it's gone away,
it seems so nice in retrospect, it's

The Republican leader agreed with Judd that "if we're going abroad I think we have to go in full recognition of the fact that we must exercise military discipline where necessary."

He questioned, however, whether the time was ripe to extend military aid to China. He stated: "If we decide to go into China on a military basis, it would involve enormous expenditures of men and money. We're not ready yet for that and I don't think China is."

cratic policies against the "1896 reactionaries" of the Republican party.

Resist Program
But as the president winged southward, 122 members of Congress representing 15 southern states gathered to organize resistance at the coming Democratic convention to the program he advocates.

These include federal legislation outlawing lynching, elimination of the poll tax, a ban on "Jim Crow" transportation, and a guarantee against job discrimination on racial grounds.

Rep. Colmer (D) Miss., presided at the meeting of dissident southerners.

In a surprise speech last night at Richmond, Sen. Byrd (D) Va., bitterly attacked the president's program and threatened a filibuster against it.

Marshall Bids Godspeed
Secretary of State Marshall, who will carry the ball in Washington for the president's foreign-aid program while Mr. Truman vacations, topped a list of high-ranking officials who gathered at the airport to bid godspeed.

The chief executive will remain overnight at Key West and will leave early tomorrow for state visits to Puerto Rico and the Virgin Islands.

The president was given a warm reception last night at the Washington observance of the Jefferson-Jackson Day dinners.

An even warmer ovation was given James A. Farley, former postmaster general, by the Democrats assembled in the Mayflower Hotel. He twice responded to cheers and finally was forced to make a short speech in which he expressed his gratitude at seeing "so many familiar faces."

Speech High Spots
The president, in his Jefferson-Jackson speech:

1. Appealed for the "Progressive Liberal" vote supporting third party candidate Henry Wallace to come back home to the Democratic party.

2. Called for election of a Democratic Congress next November.

3. Held out the Olive Branch to revolting southerners by carefully abstaining from mention of his civil rights recommendations.

4. Described "reactionary" Republicans as "flooded birds" who "don't care where they are going."

5. Declared world conditions "too grave" for the nation "to put an isolationist in the White House."

ed States would exercise the greatest caution in dealing with the problem.

Other major powers, including Great Britain and Russia, have refrained from indicating the positions they will take on the armed force issue.

Sir Arthur Creech-Jones, British colonial secretary who is at Lake Success for Palestine debates, warned that some elements of Palestine Arabs "will stop at nothing" to achieve their aim of wrecking the partition project.

But on the big question—whether Britain will oppose, favor or abstain from a security council vote for armed forces to back up Palestine partition—Creech-Jones was non-committal.

Committee Will Check List Of Union Leaders

WASHINGTON, Feb. 20.—(INS)—The house un-American activities committee will check the NLRB's list of union leaders who have signed non-communist affidavits in a campaign to "flush out" red party members who have tried to conceal their affiliation.

This was announced today by Rep. McDowell (R) Pa., who said he is requesting such a list from the National Labor Relations Board. McDowell said investigators will compare the affidavits signed in compliance with the Taft-Hartley law with committee files. McDowell added that he knows of no instances where concealment exists but declared that any false statements by communist labor leaders will be turned over to the justice department for prosecution on perjury charges.

Under the Taft-Hartley law union officials must sign affidavits denying Communist party membership in order to avail themselves of the NLRB machinery.

THE PARENT PROBLEM

(Continued from Page Four)

against severity of punishment. We were getting nowhere with Donnie until we started to use the "punishment chair" (we spanked him only when he got off too soon). That worked.

"I followed your advice about giving instant, sound spanking, and without exception, when he went off into the road (he had constantly disobeyed us there). Now, he never ventures off the sidewalk alone.

"My big mistake in disciplining him was in not teaching him well the meaning of 'no' early enough.

"We read to him a lot, thanks to your urging. He loves it and can't have enough. He insists that we never miscall a single word. He wants to hear many stories over and over again and can say them word for word from memory. In his speech we recognize many words, phrases and whole sentences from these stories and he sometimes puts parts from several of them into a story he will make up of his own. We have written some of his yarns down. They are delightful to hear and to read.

Avoiding Mistakes

"Dr. Myers, I want to read anything you have written. I do not want to make so many mistakes with the new baby as were made with her brother. Please let me know what the list is and where and how they may be obtained." Though I do not have a printed list of my publications (and some of my books are out of print) I

typed off a list for her. Others may find them listed in "Who's Who in America," and in "The World Who's Who." Some of the books may be found in almost any public library. From time to time I name in this column one or more of my special bulletins to be had for postage. But anybody who reads this column daily over a period of several years will have read the high points in most that I have ever written elsewhere, excepting my technical publications.

WASHINGTON CALLING

(Continued from Page Four)

schedule in the public mind when an unexpected development may completely upset it.

But in spite of some differences, relations with the scientists have vastly improved. This was attested in a letter sent to AEC on Jan. 1, which said in part:

"On the occasion of the first

birthday of the atomic energy commission, the Council of the Federation of American Scientists sends its congratulations on the excellent progress the commission has made in reorganizing the atomic project on a peacetime basis. At this time last year, morale in the laboratories was low and the prospect of adequate progress in the field of atomic energy seemed poor. Since that time, the laboratories have been put on a firm basis, and good arrangements have been made for cooperation with the university scientists and with industrial firms whose specialized experience is necessary in the development of atomic power."

What really troubles sensitive men of science is that their creative energy should be going toward bigger and better weapons of mass destruction. But the fault lies not with them. It lies with the sick and disoriented nature of the time in which we live.

Dine At Union****More Than 250 Gather At
High School Building
For Annual Commu-
nity Affair Thurs-
day**

An enthusiastic group of over 250 fathers and sons from the Union Township area assembled at Union High school Thursday evening for the annual Fathers and Sons' banquet which is fast becoming one of the outstanding community events.

Assembling at the long tables gaily decorated in the patriotic motif, the men paused as Rev. Edward Munn invoked Divine blessing on the gathering after which they partook of a delicious steak dinner served by the Union Township P.T.A. women.

Turek Toastmaster
Pep singing, led by Miss Betty Robinson, assisted by Mrs. Allan Brettell at the piano, warmed the large group of men and boys up for the excellent program to be presented. Robert Cowher, Hi-Y advisor, introduced J. Arthur Turek, supervising principal of the Union Township schools, who served as toastmaster for the event.

Larry Hart was called upon to bring the toast to the fathers, with Lawrence Hart, his own father responding very graciously.

The speaker of the evening, Rev. James A. Gaiser, pastor of First Methodist church in a straightforward and challenging manner addressed the diners on the subject "Four Rays of Light" of four things a man must do to make his record true. Enumerating his salient points the speaker called upon his listeners to think without confusion, clearly; love their fellow men sincerely; act from honest motives, purely and trust in God and Heaven securely.

The entertainment program directed by Miss Robinson consisted of soft dinner music played throughout the program by Ted Wolanski, red Coveill and Joe Sniezek, with several other musical selections and solos including: tenor solo, Melvin Kaufman; tuba solo, Lynn Fowler; baritone solo, Paul Fowler; trumpet trio, Tom Wallace, Bill Ratvasky, Bob Szweczyk.

Bacon and father; father and son, ages least number of years, Jack and Roy Jones; father with most generations present, L. G. Rudekall; father with largest waistline, Frank Conti.

David Gatrail, of the Y.M.C.A., presented to Robert M. Cowher, Hi-Y advisor and general chairman of the event, a gold pin, highest award given by the state Y.M.C.A. for outstanding leadership as a Hi-Y advisor. In behalf of the Hi-Y club Mr. Cowher presented a beautiful bouquet to the P.T.A., Mrs. George Mattocks, president of the association, accepted in behalf of the members.

The following committee helped in preparing and serving the dinner: Mrs. George Mattocks, chairman; kitchen committee, Mrs. Margaret Grittle, chairman, Mrs. Vera Conti, Mrs. Paty Conti, Mrs. R. B. Good Taste

By FRANCINE MARKEL

DON'T BE A CREPE HANGER

"I have just had a run of bad luck and notice that those I used to depend upon as loyal friends freeze up whenever I discuss my problems with them in the hope that conversation will yield some helpful advice. Do you think that human nature is becoming callous?"

Answer: In the past few years, most of us have had our share of trouble and while we should all lend a sympathetic ear to those who are in distress an overdose of depressing news is very likely to bore even the indefatigable listener. So, unless your problem is, indeed, quite desperate and you think your listeners can really aid you, make it a hard and fast rule to keep your troubles to yourself. Your friends can endure a certain amount of your confidences but if you get into the habit of going about with a long face and an unsuppressed desire to pour fourth your heart at the least provocation you will find your popularity waning. Even though you have a sorrow sufficient to make you feel a heart-break, refrain from confiding it, especially to strangers and new acquaintances. On feeling the first symptom of inability to control this urge, confide your troubles to your medical or spiritual adviser, or both.

Question: I am about to buy some demi tasse cups. Must they match my china?

Answer: No. They usually do not match the china. Great freedom is allowed in their selection. They may all be alike in design, but of different colors or all the same color, as you prefer.

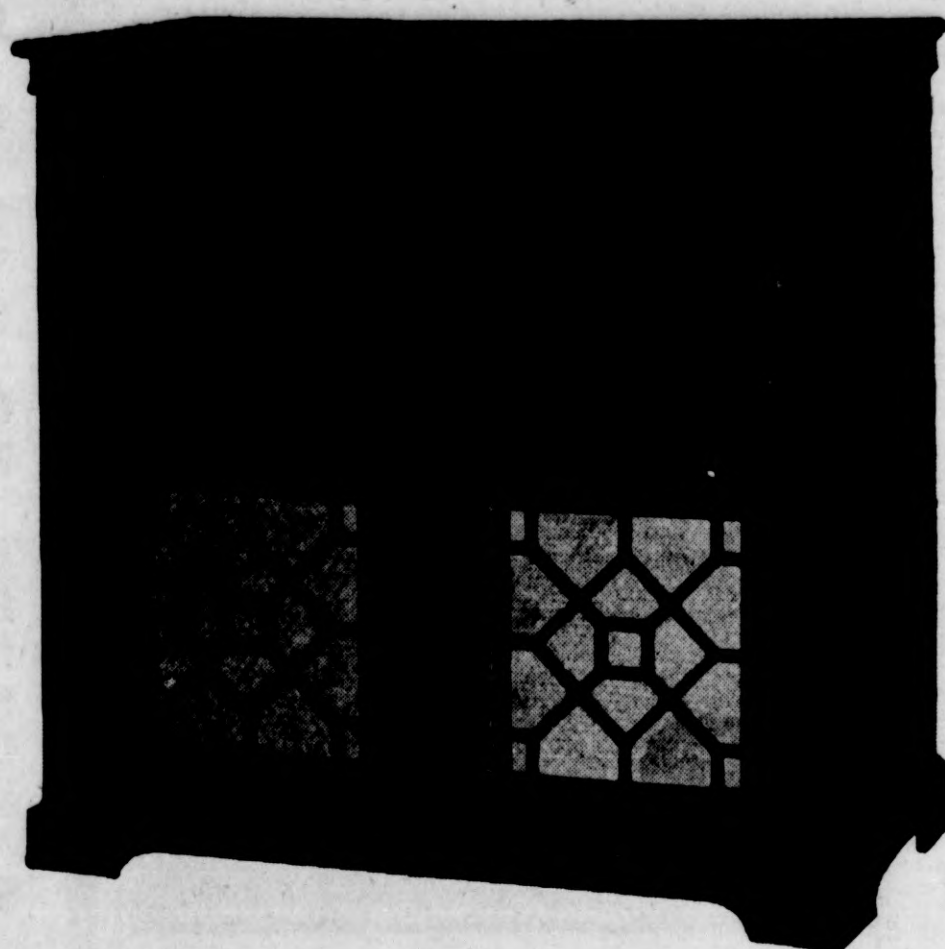

Question: I am now living here but most of my friends and relatives live in Milwaukee where I lived most of my life. Should I send them invitations to my wedding or only announcements?

Answer: Since they will be unable to attend, send them announcements which require no gift.

Present your problems to Miss Markel who will promptly mail personal replies to questions from readers inclosing stamped, self-addressed envelopes.

Pittsburgh Cab Strike Entering Into Sixth Day

Yellow Cab Company Threat To Withdraw From Pittsburgh Believed Idle Boast

PITTSBURGH, Feb. 20.—(INS)—The Yellow Cab Company's threat to withdraw its service from Pittsburgh unless the firm gets "management back" into its hands was described as an "idle threat" today by a union official.

As the strike of 1,100 Pittsburgh Yellow Cab Drivers entered its sixth day, the Peoples Cab Company announced it was resuming 24-hour service of all its cabs and expected to have operation on a 100 per cent basis by nightfall.

Not Many Running
Peoples has only 39 cabs compared with Yellow's 425 taxis. These are the only two cab companies licensed to service the entire city of Pittsburgh. The Owl Cab Co. has a limited license covering certain districts.

The Yellow Cab Company's threat to quit Pittsburgh is regarded as more than a mere threat by some quarters. Rumors that the company lost money last year have been circulating for some time.

Meanwhile, the police have completed arrangements to provide protection for all People's cabs as well as the 25 taxis operated by the Owl Co.

The railroads of Great Britain, now under government control, operate 52,000 miles of track, employ 635,000 men and women, travel 373,000,000 miles a year and carry 1,000,000,000 passengers a year.

RALPH HALL CHOOSES AIR BORNE DIVISION

Ralph Hall, son of Ralph Hall, Sr., who resides at 802 Croton avenue enlisted in the US army on February 16, 1948, for duty in the Far East with the 11th Airborne division. Mr. Hall was employed by the Atlantic & Pacific Tea company. After considering the problem over he decided that his chances of advancement were greater in the service than in civilian life.

For information concerning enlistment or re-enlistment in the US army or the US air force contact your local recruiting station located in room 202, Post Office building, New Castle, or phone 7593.

Urges Support Of 'Fill Fleet Week'

HARRISBURG, Feb. 20.—(INS)—Pennsylvanians were urged today by Gov. James H. Duff to support the navy's recruiting campaign during "Fill the Fleet Week" which starts February 22.

"The United States navy is still the world's most powerful fleet, but guns, ships and planes alone will not keep it so," the governor said.

Ships Need Men
"Without manpower, any fleet, however large, is just so much iron and steel. The ships and aircraft of the fleet and their supporting bases cannot be maintained without the men to operate them."

Duff pointed out the navy is seeking men between 17 and 30 to replace approximately 232,000 enlistments expiring June 30.

A few hundred wild ponies still roam the banks of North Carolina and are rounded up each year.

Conference Group Meets Next Tuesday

Practical Local Problems To Be Discussed By Good Will Conference

Good Will conference will meet on Tuesday evening, February 24, at 8:30 o'clock, at The Castleton, at which time a debate program will be held in observance of Brotherhood week.

Practical problems are on the agenda to be discussed, and the panel will have men qualified to speak on these matters: Rev. J. L. McFarland, Dr. R. F. Galbreath, Dr. Iwan J. Gruen and Rev. Fr. Albert M. Inteso.

It is most fitting to observe Brotherhood week in February, the month in which we honor two of the greatest men of our country, George Washington and Abraham Lincoln.

The evening promises to be a most enlightening and educational one, and the committee has made every effort to secure a large audience for that evening. Those in charge are: Dr. I. Gruen, William Howley, Thomas Farrow and Rev. James Gaiser.

Ordinance Ordered To Protect Firemen Fighting Fires Outside City

OTHER ACTION AT COUNCIL SESSION

Acting upon the proposal of Safety Director Richard L. Davis, Joseph D. Alexander on Thursday submitted to council a request that the city legal department draft an ordinance which would protect city firemen while engaged in combatting conflagrations outside the city limits.

Under the present plan, city apparatus replies to outside fire alarms only when the chief of the affected district communicates with the chief of the New Castle department.

Solicitor White informed Mr. Davis and colleagues that if council adopted legislation giving power to the safety director to order equipment outside the city, the firemen so engaged would be protected by insurance.

Colleagues believed this plan to be the proper move, following which Mr. Alexander presented the request that the legal bureau prepare such an ordinance.

Council authorized the city treasurer to accept a check from the Slippery Rock volunteer fire department in the amount of \$100, for the two fire sirens procured by the city from the O.C.D.

Council upon motion of Property Director Joseph D. Alexander awarded a contract to Kane, O'Hara & Heaney of Youngstown to construct the Vogan street sanitary sewer extension with laterals in Gretchen avenue, at their low bid of \$1,392.25.

City Engineer John Z. Street submitted a plan to council for proper sewer service to a North Mercer street apartment building, which is being constructed by the New Castle Duntle company. Upon motion of Sewers Director James Gibson, it was referred to committee for study.

Twenty-two thousand three-cent stamps were authorized to be bought by Tax Collector B. N. Hanlon. They will be used to mail city tax statements for 1948 to taxpayers. "The tax shower" will take place about April. Statements are now being written by treasury bureau clerks.

A bill was submitted to council stating that the Officers and Employees association of the city shall elect their own treasurer. The bill will also name the salary of the treasurer, and whatever other personnel are to be paid. The bill was sent to committee, reported out favorably, and laid over to be printed. The salary will be designated later.

Traffic Safety Is Considered

Police Chief Reminds That Pedestrians Have Right Of Way At Intersections

Motorists who insist upon barging into intersections to the danger of pedestrians may find themselves in trouble. Meeting with the mayor's traffic study committee Thursday in The Castleton hotel, Chief of Police Robert Hanna said the practice must stop. "Pedestrians have the right of way at intersection when the light is green," said Chief Hanna. "The fact that a motorist has a green light in the same direction merely gives him the right to go through the intersection. When he turns left or right into another artery of traffic he has no rights except when the artery is clear. The pedestrian always has the right of way."

Chief Hanna also spoke of the all too prevalent practice of jay walking by pedestrians. "Pedestrians must learn that crossing in the face of a red light is dangerous," said Mr. Hanna.

The committee considered the parking problem and will recommend to the city council the advisability of securing a plot of land east of Croton avenue for public parking.

Other traffic safety measures were discussed but definite action was not had.

KINZUA FLOOD AVERTED

WARREN, Pa., Feb. 20.—(INS)—A possible flood that would have inundated the small community of Kinzua, near Warren, was averted Thursday after a three-mile ice jam in the Allegheny river broke. The river already was spilling over lowlands in the Kinzua area when the jam broke.

When the high waters thus released reached Warren, the river raised to a stage of 11 feet, highest since last spring, but still three feet under flood stage.

KINDS OF FISH FOR USE IN FARM POND LISTED

A farm fishpond, a single acre and properly managed, can be made to produce 150 to 450 pounds of pan-size fish in a year's time, far more fish than an average family would use.

For the pond with a water temperature of 70 degrees Fahrenheit, for at least a few weeks each year, the species recommended for planting are the large mouth black bass and the bluegill sunfish. Where bass are not desired, catfish may be used in combination with sunfish, but in small ponds managed without emergent vegetation they are not recommended with bass because too many are eaten in the weedless pond.

The rate of stocking the fertilized pond should be 1,000 to 1,500 bluegills to 100 bass, stocked as fingerlings and at the same time. The ideal formula for fertilization is 8-8-4 applied monthly from April to September, 100 pounds per surface acre.

Fertilizing controls emergent plant life, increases greatly the growth of plankton or microscopic plant life used largely as food by small fish. The plankton encourage production of a large population of insects and aquatic animals eaten by fish. The dark-colored water also makes fishing more successful. Water colored by growth of algae so that one's hand cannot be seen at a greater depth than 12 inches is at the proper degree of cloudiness.

It is well to prepare the pond in advance of stocking by heavier initial application of fertilizer than the rate recommended at monthly intervals. The fertilizer may be broadcast from boats or from shore.

Further information on the stocking of fish for farm ponds may be secured from the Agricultural Extension Association, 206 Post Office Bldg., New Castle.

INDOOR PLAY IDEAS FOR CHILDREN'S FUN

To keep children happily occupied when they must play indoors, give them raw materials which they can use for building or making things. Toys which lend themselves to the same purpose and encourage imagination also are useful.

Materials which children can use to set up a play grocery store will provide hours of enjoyment. Boxes and cans in which various foods are packaged can be saved for the children's play store. The children can put crates and large cardboard boxes together for shelves and counters. Metal washers of all sizes are a good substitute for money. The children can make their own paper money and can learn to make change with this money and have fun doing it.

Getting the materials and equipment together and arranging the store may be more fun for the children than even the actual play in using the store. Parents should keep this in mind and be cautious about lending too helpful a hand. However, parents' ideas and suggestions that stimulate thinking and action on the children's part are always in order.

Homemade clay is another idea for creative indoor play. Even young children, two and three years old, enjoy playing with clay. They roll it, pat it, tear it, and punch it. Later recognizable

shapes come forth. They may make some of the wares to be sold in their grocery store.

A simple recipe for homemade clay: Mix together 1 cup flour with 1/2 cup salt and 1 tablespoon powdered alum. To these dry ingredients add enough water to make the mixture easy to mold into shapes. The dried shapes may be painted with water colors or the clay itself may be colored. Suitable coloring for the clay is vegetable or food dye, art colors, mercurchrome, or bluing. Keep the clay soft when not in use by putting it in a tightly covered jar. Add a little water to the center of a ball of clay when storing it if it seems dry.

PERKY ACCESSORIES KEEP WINTER WARDROBE IN TRIM

A little extra attention to accessories will prevent your wardrobe from having the mid-winter blue. Hats, handbags and scarfs take on new life and sparkle if you take a few minutes each week to keep them looking their best.

Hats are easy to clean and refresh. Brush after each wearing before you put them away. Avoid pushing hats out of shape when you put them on or take them off, and protect them from dust by keeping them covered. Use a large paper bag if the right kind of box is not available.

Fabric hats can be refreshed by the same care you give your other garments. Velvet and felt hats can be refreshed by holding them over the spout of a kettle of steaming water while you brush. Any kind of trimming can be brightened or replaced to improve the appearance of the hat. Press ribbon trimming and veiling with a warm iron.

A handbag will hold its shape and present a well-organized interior if you empty the bag at least once a week and brush the lining well. Don't make your handbag a catchall for everything. Remove any unnecessary articles and carry your lipstick and powder in a separate cosmetic bag. The handbag lining will stay cleaner and the make-up kit can be readily transferred to other handbags.

Keep the outside of the bag clean. Some types of leather can be cleaned and protected with neutral shoe cream. Plastics can be wiped with a damp cloth and you can brush suede bags with a rubber sponge to raise the nap. A fine emery board will help to remove shiny or flattened spots on suede. Frequent brushing is enough for most cloth handbags.

Careful laundering is suggested for scarfs to keep them presentable. Wash gently and quickly in lukewarm soapsuds rinse in clear water until all trace of soap is gone, then roll in turkish towel. When almost dry press according to kind of material. Print scarfs need extra attention to prevent colors from running.

Pedestrians: To stay in the pink, watch the red and green.

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, Feb. 20.—(INS)—That gorgeous girl, Marie McDonald, is raring to get back to work.

It's eight months now since Marie completed "Life's For the Loving" with Gene Kelly. Now she's importuning her M-G-M bosses to get her started in another picture, preferably a good comedy. She's been promised something good is coming up shortly.

Marie Impatient

Because of the panicky conditions in the industry due to the British tax and a falling box office, production is at its lowest ebb in years, and a great many stars have been left cooling their heels for months. But now Marie, the happy bride of shoe manufacturer Harry Karl, is growing impatient.

Her beauty and shapely figure have been more handicaps than help to Marie in her career. Hollywood has been so busy making use of her looks that she's hardly been given a chance to show her talents. My idea of a perfect role for Marie is one that smart gentleman, Harry Cohn, Columbia's big boss, could give her. It's "Born Yesterday," which has been such a smash hit on the stage.

ARLENE VERY HONEST

Another beauty, red-headed Arlene Dahl, sat in a projection room the other day and watched with disapproval as a screen siren attempted to lure Van Johnson away from June Allyson as part of "The Bride Goes Wild," which originally was called "virtuous."

The girl attempting to do the luring was Arlene herself.

She explained to me at luncheon:

"I did not like playing that role at all. When I watched the picture I tried to pretend to myself that it wasn't me on the screen at all."

"The reason I feel this way is because I think Van Johnson and June Allyson make the ideal screen couple, and I don't think any girl should try to take him away from here—even on the screen."

RED RUN DOWN

Red Skelton is so run down from his innumerable activities that his doctor has ordered him to confine himself to his movie and radio work for the next two months. His benefit this week for the Pacific Lodge for Boys will be his last for some time. It's been estimated that Red has given 2,000 benefits and personal appearances since his discharge from the Army. He'll have several months time off from movie work as his latest picture, "The Southern Yankee," is almost completed.

GIRL BREAKS NECK

ALTOON, Pa., Feb. 20.—(INS)—Beck Kay Korb, 16, daughter of Mr. and Mrs. Emil O. Korb, Cleveland, O., today was a patient in an Altoona hospital, after suffering a broken neck by falling from a horse at school.

Becky attends the Grier school, Birmingham, near Tyrone, Pa., where the accident occurred during the exclusive school's riding practice.

Hospital attaches list her condition as "fairly good". Her father is president and treasurer of the U. S. Dental manufacturing company in Cleveland.

Bury Wrong Man At Boston, Mass.

Two Bewildered Families Will Try To Straighten Out Funeral Mixup

BOSTON, Feb. 20.—(INS)—Two bewildered families planned a meeting Thursday to decide upon what steps to take to correct the mistaken burial of an elderly man by one of the families.

The mixup involved two inmates of Boston State hospital in Mattapan. Both men were named James Bowen. One was 84 years old, the other 72. The elder had been a patient for more than 50 years.

Because both patients were assigned to the same ward, their records became mixed. When the elder Bowen became seriously ill last January, notification was mistakenly sent to Miss Alice D.

Bowen of Roxbury, a daughter of the 72-year-old Bowen. She visited the sick man's bedside several times but failed to notice that the man wasn't her kin. She said: "I thought my father had failed noticeably, but I believed it was because of a shock."

Burial Carried Out

The sick man died on January 11 and the daughter and other relatives held services for him and buried his body in St. Joseph's cemetery, West Roxbury. Friends viewed the man's body at the funeral chapel but still no one recognized the mistake.

The error was later discovered when Mrs. Mary Frazer of Dorchester went to see her brother, the younger Bowen. When she was ushered to the room of her "brother" she said: "That's not my brother. He is much too heavy."

Dr. Walter Barton, the hospital superintendent, immediately called the two families into conference. The family of the older Bowen spoke to the patient who still was alive and became convinced that their relatives had not died after all.

ABOARD CARRIER

William J. Benzieck Jr., seaman, second class, USN, son of Mr. and Mrs. William J. Benzieck of 699 Arlington avenue, New Castle, is serving aboard the escort aircraft carrier USS Mindoro which, in company with the destroyer USS New and the destroyer escort USS Coolbaugh, visited New Orleans at Mardi Gras time.

James McNeil Whistler, F. Honkinson Smith, Thomas Buchanan Read and William Blake were all noted artists and authors.

RETIREMENT PLAN

PITTSBURGH, Feb. 20.—(INS)—The Koppers Company, Incorporated, today announced a retirement plan for hourly-paid employees who have reached 65 and who have served at least 15 years with the company.

The plan will be integrated with Social Security benefits, and employees are eligible when they are unable to continue work because of age or disability.

Payments will be made by the company on a monthly basis and will be computed by multiplying the average annual wage by three-fourth of one per cent and multiplying that by the number of years of service.

If company and Social Security benefits exceed \$900 the company will pay the difference between Social Security and \$900.

Arrange Tin Can Collection Here

Three Trucks To Make Systematic Collection Beginning Next Week

For the first time in years a systematic collection of tin cans will be made by the department of garbage employees, according to Richard I. Davis, director of safety and health.

He announced today that effective Monday, three trucks would be designated for the collection of tin cans, while the other three trucks would still haul garbage.

Mr. Davis stated that tin cans should be kept in the rear yard, until the night preceding the date of collection, and said he would insist that the cans be placed in a receptacle on the front curb.

By following this plan the scattering of tin cans will be prevented.

Schedule Given

The schedule of collection follows:

Monday, February 23—Sixth and seventh wards.

Tuesday and Wednesday, Feb. 24 and 25—Second ward.

Thursday, Friday and Saturday, February 26, 27 and 28—First and eighth wards.

Monday, March 1—Fifth ward.

Tuesday and Wednesday, March 2 and 3—Third and fourth wards.

Housewives should paste this newspaper clipping in an appropriate place which will apprise them of the time to set out the receptacles containing the tin cans.

New Castle Airport Scene Of Activity

Moderating temperatures has caused an unusual round of activity at the New Castle airport with several fliers obtaining their goals at the flying schools being operated there.

Penn Aero Service reported this morning that Michael Via of 218 Smithfield street completed his solo flight on Wednesday and private pilots licenses were granted to Victor Piccone, 765 Lathrop street and Richard Shaffer, 1224 Rebecca street.

ACCIDENT VICTIMS LEAVE HOSPITAL

Mrs. Ramona Beasley, and children, Larry, James and Edward, of 329 Crestwood avenue, Akron, O., who were injured in an automobile collision at the Harbor, January 17, have recovered sufficiently to leave the Jameson Memorial hospital, where they have been undergoing treatment.

Mr. Beasley had left the hospital a week ago, leaving only Miss Agnes Cypher, who resided with the Beasleys in the hospital, from the collision which caused the death of Samuel Carbone, of R. D. 1, Edenburg.

The penalty in any state for careless wiring may be electrocution.

BOY KILLED BY FALL
MANOR, Pa., Feb. 20.—(UPI)—Coroner Joseph Check said today that a fall from a diving platform through the ice caused the death Thursday of Jimmy Stahl, 2, in a pond on a farm near Manor. The Westmoreland coroner said that Jimmy, and Tommy Steiner, 8, both fell from the platform, but Tommy was able to work his way to shore and tell relatives of the tragedy. It is believed Jimmy sank immediately.

Highway Bureau Not Advocating Increased Taxes

Highway Secretary Ray Smock
Talks Before Constructors
At Pittsburgh

PITTSBURGH, Feb. 20.—(INS)—Increases in motor license fees or gasoline taxes are not being "promoted" today by the State Highway Department despite lack of sufficient funds to meet all construction demands.

Secretary Ray F. Smock told the Constructors Association of Western Pennsylvania last night at Pittsburgh that 167 million dollars a year for the next five years would be necessary "to meet partially the deficiencies in the state highway transportation system" but that only one half of the annual average is available for the next three years.

"I wish to emphasize that the highway department is not promoting any increases in motor license fees or gasoline taxation," Smock declared.

The motorist and taxpayers must decide to accept the responsibility as to whether they want ade-

quate roads and are willing to pay for them or continue with present revenues and the prospect of an antiquated and obsolete highway system," he said.

Smock reported that 35 million dollars in state funds will be available this year for new construction while another 20 million will probably be allocated to complete projects already underway. In addition, the federal government will pour about 62 million dollars into urban highway construction in the state, he added.

Approximately 60 million dollars worth of work assignable to the 1947 budget has been carried into 1948, Smock said.

Report Michael

May Buy Villa

NAPLES, Feb. 20.—(INS)—Former King Michael of Romania was reported today to be negotiating for the purchase of a villa on the Italian island of Capri where it was said he plans to establish his residence after marriage to Princess Anne of Bourbon-Parma.

The decision of Michael was said to have been made at the urging of Romanian leaders in exile. They were said to have pointed out that Switzerland, where Michael is staying now, will not permit him to engage in any activity against the present communist regime in Bucharest.

Romanian quarters suggested that the Italian government has indicated it will close its eyes to future activities by Michael.

Compensation Board Gives Gals Break

PITTSBURGH, Feb. 20.—(INS)—It's okay, gals, to take time off from the job to collect leap year bets.

At least, the Pennsylvania unemployment compensation board of review ruled today that a woman employee may take time off from the job to prepare for her wedding.

The decision was reached following a case involving Mrs. Seretta Rubin Segal, 19, who was fired from her job as an assistant housekeeper with a wholesale dealer, after allegedly taking three days off prior to her marriage.

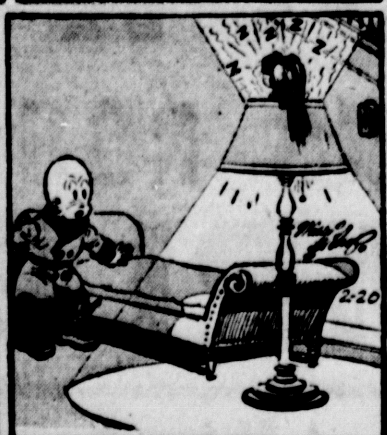

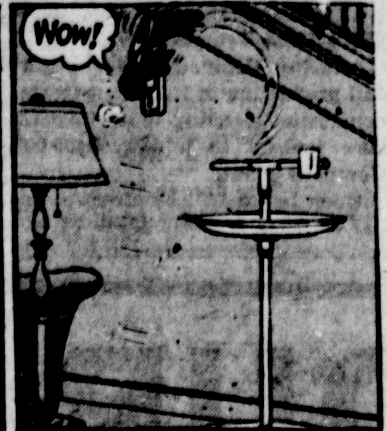

The board said: "Her absences were for a justifiable reason and notice was duly given to the employer."

Fires in grain elevators, flour mills and other food processing plants have increased 50 per cent in the past year.

Air Corpsman Is Home On Furlough

Pfc. James L. Trumble Is Enjoying Leave From Lackland Air Base In Texas

First Sgt. Jerry Stein of the local US army and US air forces recruiting station, today announced that Pfc. James L. Trumble is enjoying a 15-day furlough with his parents who reside at 1005 Marshall avenue.

Pfc. Trumble enlisted in the air forces on the 22nd day of July of last year and after taking basic training at Lackland air forces base, San Antonio, Texas, was permanently assigned to that base. He was promoted to Pfc. after completion of basic training and was picked as an instructor in small arms. Pfc. Trumble thinks the service is fine and cites the educational advantages. He had but three years of high school education at the time of enlistment, and

has since completed sufficient subjects to attain the credits needed for the high school diploma. Pfc. Trumble further states that there are many technical schools available that the army man may attend to attain a trade that can be used in later life.

For further information concerning the educational advantages available in the army and air forces contact your local recruiting officer located in room 202, Post Office building or telephone 7593.

CHICAGO, Feb. 20.—(INS)—Italian Heavyweight Champion Enrico Bertola, who started his American fight campaign Tuesday with a fifth-round knockout conquest of Jimmy Bell, has been shelved with a broken nose.

New Kensington Fights To Retain Aluminum Works

NEW KENSINGTON, Pa., Feb. 20.—(INS)—A CIO union of New Kensington's aluminum workers announced today it will ask for a 10-man joint labor-management council to save the city's industry. W. B. Gravatt, recently appointed administrator of the strife torn local 302, CIO United Steel Workers, charged that a mantle of uncertainty is enveloping New Kensington because of statements issued by an Aluminum Company of America official.

ALCOA forms the backbone of New Kensington's industrial setup.

Removing Plants
The statements he referred to, Gravatt said, implied that more ALCOA plants probably will be moved from the city. During 1946 and 1947, ALCOA's New Kensington plant for manufacturing bottle caps and enclosures for food and

pharmaceutical goods containers was removed to Richmond, Ind.

The announcement that Aluminum Cooking Utensil company's New Kensington plant would be moved to Chillicothe, O., where a new plant building is soon to be completed, has also aroused the anxieties of workers in the city.

Egg Production Is Falling Off

HARRISBURG, Feb. 20.—(INS)—Pennsylvania's hens have less to cackle about these days. It was reported today by the state agriculture department.

The department said farm flocks

produced only 261,000,000 eggs during January, 20,000,000 eggs below January of 1947.

Extreme cold weather and high feed costs were blamed for the drop by the department.

At one time or another, 4,000 cities, towns and villages in the United States have supplied electricity to their citizens, reports a Twentieth Century Fund.

Congregation At Bessemer Plans Alteration Work

Youngstown Sheet And Tube Male Chorus Will Present Concert For Church Sunday

Congregation of the Mission Covenant church of Bessemer is making plans to renovate their present church building and completely alter the front of the church to give it a new and modern look. Plans have already been drawn up by the congregation and its pastor, Rev. Jerome Ahlstedt, for the changes which will be made in the very near future.

In connection with the work, a concert will be given on Sunday evening, February 22, in the Bessemer high school auditorium by the Youngstown Sheet and Tube Male Chorus at 8 o'clock with a free will offering to be received during the evening. The funds received will go toward the church fund for renovations.

W. Gwynne Jenkins will direct the chorus with Lillian Butcher Stambaugh and Lucille Bower Sheridan as accompanists. The program will open with three numbers by the chorus and then followed by a violin selection by Andrew Lisko, outstanding violinist. Vernon Hamilton, baritone soloist will follow with a selection with the entire chorus singing a group of four numbers. George Barnes will be soloist for the latter group. Mr. Lisko will present a selected number on the violin with a soprano solo also being presented following the violin number. The Steelmen Quartet will be heard in two numbers, with the male chorus closing with a group of three selections.

Special Program For Kiwanis Club

U. S. Chamber Of Commerce Representative To Be Speaker At Father And Sons Event

City and county officials will be special guests at next Wednesday's luncheon meeting of New Castle Kiwanis club, which will also be observed as Father and Sons Day by the club. The event will take place in The Castleton.

The speaker of the day will be Charles E. Cotton, division manager of the United States Chamber of Commerce, who will bring a message of timely interest.

Hear Of Plans For Sesqui-Centennial

Meeting with Chairman Worrell Jones, the executive committee of the proposed sesqui-centennial celebration planned for New Castle the week of July 4 made further plans for the affair. Mr. Booth of the John B. Rodgers company was present and explained the detail of their plan of action. The plans for the pageant, program, novelties and other parts of the celebration were gone over.

July 4 is not too far away and the committee is beginning to get into gear. There seems to be plenty of work ahead for all committees and Mr. Jones urged every committee chairman to get on the job.

Mayor John F. Haven, honorary chairman of the committee, was unable to be present, due to illness. In 1860, in North Carolina, there were special taxes levied on feather hats, gold-headed canes, harps, watches and politicians.

Three Soviet Composers Bow To Soviet Order

MOSCOW, Feb. 20.—(INS)—Three Soviet composers, accused by the Communist high command of bowing to western bourgeois influence, repented today and promised that they will strive in the future to produce compositions in accord with present-day Russia.

Aram Khachaturian was joined by Serge Prokofiev and Vano Muradeli in accepting the Communist party reprimand to seven Soviet composers.

Section 23 Cage Race Ends Tonight

Bessemer Hi Gunning For Class "B" Crown

Cementers Need Victory Over Mt. Jackson To Grab Loop Title; Wampum Entertains New Wilmington; Other Quintets Conclude.

Teams of Section 23 will ring down the curtain on the 1947-48 campaign tonight, with the important action at the Mt. Jackson high gym where the "Mounties" tangle with Bessemer's title-seeking dribblers.

The Bill Ciccone-coached passers need a win over the Webster lads to grab the crown and are heavy favorites to triumph. Wampum, still with an outside chance of finishing in a tie with the Cement City machine, takes on New Wilmington at the Indian court. The Hennon passers will be out for victory and nursing hopes of a Jackson upset of Bessemer.

Coach Ciccone will turn loose his strongest five tonight to annex the toga. Gus Anderson and Ray Gennaro will handle the forwards, "Hank" Puzello will be at the tip-off spot, with agile Harry Glass and dynamic little Chuck "Steamer" Stanley in the back court.

Squad Allies

Mt. Jackson has been plagued with sickness, Gwin and Butler alling this week, but is expected to have all its old lineup ready for the Cementer invasion. The return of Bill Emery (all-county performer in 1946-47) has bolstered the "Mountie" attack and the Fran Webster kids are pepped up for a good showing.

In the other league action East Brook will be after its sixth win of the campaign when the Eagles conclude against last-place Princeton. Shenango and Union, old rivals, and both with 6-7 slates, make their final appearance at the Wildcat floor.

PITT, DUKES PLAY AT HOME

PITTSBURGH, Feb. 20.—(INS)—The Duquesne Dukes and the Pittsburgh Panthers share the Pittsburgh basketball scene tonight when the Dukes square off against Loyola of Chicago, at the Gardens, and the Panthers face West Virginia at the Pitt Stadium.

This will be the last home game of the season for Duquesne. The Dukes, their tournament hopes shattered, have lost two of their last three games and face a tough foe. Loyola has a season record of 31 wins against eight defeats.

Sportsmen To Meet Tonight

Lawrence County Council of Sportsmen association will meet at eight o'clock tonight in the Y. Representatives of affiliated clubs are invited to attend. A report of the council's delegation to the Federation of Sportsmen's meeting, held recently at Harrisburg, will report the proceedings.

New Castle Meets Farrell In Home Finale

FAVOR STEELERS TO TAKE 'CANES

Lewis Men Seeking Revenge For Setback Earlier In Campaign

Coach Bill Douglass' Red Hurricane passers will make their final home appearance of the cage season tonight when they square off against Farrell at George Washington high.

The Canes, who dropped their crucial contest to Aliquippa and then fell before a Sharon onslaught last Tuesday, will be underdogs in tonight's fray with the Tudor Lewis machine. The Steelers played their hearts out in their last outing, losing a 39-37 decision to the Quips and will be seeking revenge for a 56-54 setback experienced at the hands of the locals January 23.

The winner of tonight's battle can secure third place in the standings since both contestants are tied with 6-4 marks for the season.

New Castle's main task will be halting the high-scoring antics of Farrell's John Hammond, the loop's leading pointmaker with 140 in ten games.

Quips Big Favorites

Aliquippa is heavily favored to sew up the section title against hapless Ellwood City. A win, either over the Wolverines or against Ambridge, will clinch things for the Webb juggernaut.

Rounding out the card will be Ambridge at Beaver Falls, and the Tigers are hoped to dig themselves deeper into second place. They have copped seven and lost four and tonight's game will be their finale.

Next Tuesday night New Castle goes to Ellwood, Aliquippa is at Ambridge and Sharon goes to Farrell as the campaign concludes.

Bessemer Defeats Salem Five, 54-51

Bessemer Legion basketball team won a close one last night, defeating the Salem Amvets at Bessemer high floor, 54 to 51, with Johnson, Pelto, Kursel and Tonya starring. Jeffries was the best for Salem with 20 points.

Saturday night the Bessemer team will go to Beaver Falls for a Legion championship district play-off with the Beaver Falls Legion.

Duca D'Abruzzis To Meet Sunday

There will be a meeting of the Duca D'Abruzzis baseball club at the club rooms at 3 o'clock Sunday, with the announcement being made today that Henry Rico will manage the 1948 Dukes. All those wishing a tryout are to report Sunday.

League Results At YMCA Floor

Senior Church and Civic-Industrial Leagues continued play at the "Y" last night. The First U. P. team regained its stride by walling the First Congregational, 58-21, led by Lloyd Spears who hit for 20 points.

Wampum nosed out St. George in a ding-dong game, 33-32, that saw the Saint rally in the last period fall short. In the C-1 game the Calabra Club plastered the Shenango Pottery, 49-30 with Caffaza and Ross accounting for 27 of the markers.

Tonight in the House League the Business College meets the G. I. Shines and the Wings and Shamrocks clash. In the Shenango Pottery inter-plant loop it will be the Glastware against Dept. 26 and the Handle Shop vs. the Jaggermen.

Optimists Honor All-Star Squad

Thirty-Five Gather At New Penn Hotel Thursday, No Speeches

The Optimist club members at their regular Thursday night dinner and meeting held in the New Penn Hotel, paid homage to the All-Star squad that played in the recent benefit game at the Arena floor. Thirty-five all told, sat down to a delicious chicken dinner.

There were 19 guests and 16 members of the Optimist Club present. President of the club Otto Pearsall, took the floor following the dinner and after a few introductory remarks introduced Gus Slovinsky, general chairman of the basketball game, who handled the program thereafter.

No Speeches

There was no speaking by anyone present, a real treat. Slovinsky called on the following to be acknowledged—Bill Douglass, New Castle high coach and coach of the All-Stars, Austin Cowmeadow, assistant coach, Robert Mills, Robert Stewart, Al Gonet, Jimmy Dart, Chuck Andrews, Chuck Wilson, Charles "Bugs" Walther, Gene Dyll, George Komora, John Pole-nick, Fritz Wimer, Franny Pitzer, Bob Pitzer, Don Waters, John Zubkowsky, Vince Kelly, and Eddie Wendt.

The evening was concluded with the showing of movies by Chuck Andrews that were thoroughly enjoyed.

Paper Predicts Report To Blast Pitt Athletics

PITTSBURGH, Feb. 20.—(INS)—The Pittsburgh Sun-Telegraph said that athletic department heads at the University of Pittsburgh will be blasted for recent failures of Panther football teams in a report of a six-man investigating committee.

The newspaper said yesterday the committee of students and alumni blamed head coach Mike Milligan and athletic director Jim Milligan for the school's worst football season in history last fall.

The official report is to be submitted to Chancellor Rufus H. Fitzgerald of Pitt soon.

However, only one member of the committee would comment on the Sun-Telegraph story. Walter Thompson, a Pitt senior, said—"This (newspaper account) is pure speculation. Nobody but members of the committee have seen the report thus far."

The Sun-Telegraph story said Milligan was criticized for three alleged failings. They were listed as:

"Inability to handle discipline and get the most out of young football players, failure to cultivate and maintain cordial relations with high school coaches, and lack of an offensive on the gridiron."

Dewey A. C. To Hold Meeting

Dewey A. C. will hold their baseball meeting at eight o'clock tonight in the basement of the Croton M. E. church, according to Dai Hartman. Candidates for the team are welcome to attend, and plans for the coming season, will be outlined.

EDENBURG NAMES FERRUCCI PILOT

The Edensburg baseball club has named Ralph Ferrucci manager for the coming season. It was announced today. Edgar Leeper, 1947 pilot, will act as business manager. Joe Parks is treasurer and Tony Pagley secretary.

The Tigers will definitely be in the county league this season, it was stated.

ST. MARY'S WINS

St. Mary's took the measure of the Epworth Methodist quint last night at the Catholic Center, 61-30, led by Sullivan who caged 20 points and Snyder with 17.

Tonight the Catholic grade schools will occupy the spotlight at the center.

PLAYING MIDLAND

The Shenango "Y" will play Midland tonight at 10:45 o'clock at the Arena floor, it was announced.

Of the 15 players on this season's Texas A. & M. basketball squad, only one is a senior.

Elks-Pulaskis Arrange Details For Sunday Game

K. Pulaski Cubs And Elks Reserves Play Preliminary At 2 O'Clock, Expect Large Crowd

Final details for the big city championship series that will start Sunday at the Arena floor, between the Elks Club and the K. Pulaskis were concluded at a conference of the interested parties held last night.

It was decided to have a preliminary game featuring the Elks Reserves and the Pulaski Cubs starting at 2 o'clock Sunday. The main game to follow. The sale of tickets will start at 1:30 o'clock.

The series for the city title is the best out of three, the second game to be played at Washington High floor Saturday, March 6th. The prices have been established at 60 cents for adults and 25 cents for all children under 12 years of age. There are no reserved seats for any of the games.

Elks Fine Record

Business Manager Austin Cowmeadow of the Elks today announced to the News that the Elks have won 16 and lost 6, and have scored a total of 1,173 points in the 22 games, an average of 53 points per game.

The Elks began the season by dropping three straight to Youngstown College, Westminster and Geneva, and have dropped but three since that time to the best in Western Pennsylvania and Eastern Ohio.

Fran Pitzer High Man

Records for the season show that Francis Pitzer is the leading scorer on the Elks team, with 284 points in the 22 games or 124 field goals and 36 fouls. Fred Wimer in 12 games has scored 68 field goals and 58 fouls for 195 points and Bob Pitzer with 56 field goals and 30 fouls has 142 points, with Don Waters fourth in scoring with 51 field goals and 15 fouls for 117 points.

The Pulaskis have won 18 and lost five this season. Stan Shaw announced that there will not be any skating at the Arena Sunday.

The largest crowd to see a basketball game here in recent years is expected to jam the Arena floor Sunday. Interest is at fever heat today.

Schedule Warm-Up Games

Tonight the K. Pulaskis are playing the New Kensington Presbyterians at the K. P. hall at 8:15 o'clock after a prelim in which the Cubs will play the Castle at 7:30 o'clock.

The Elks have a meeting carded for Saturday night with the Franklin Chicago Pneumatic Tool team at Washington floor, with the Elks Reserves meeting the Shenango Pottery in the prelim at 7:15 o'clock.

Baxter Wins, Bradley Loses

Russell Baxter, middleweight of this city, scored a technical knockout over Tony Woods, 165, of Harrisburg, in 2:04 of the fourth round of a bout scheduled for six at Aragon Gardens, Pittsburgh, last night. In the main battle Mimmie Adragna of Carnegie and Lee Bohles of Cleveland, fought a good 10-round draw. In one of the rounders, Danny Johnson, 157, of Cleveland defeated Bill Bradley, 154, of New Castle.

McMillin To Coach Lions At Reported \$30,000 Per

Indiana Mentor Understood To Have Signed 7-Year Pro Agreement

DETROIT, Feb. 20.—(INS)—Alvin Nugent "Bo" McMillin Wednesday became the coach and general manager of the Detroit Lions football team.

The gray-thatched veteran of 14 years of western conference coaching, signed an agreement calling for a reported \$30,000 a year, the richest agreement in football.

It was understood the contract will run for seven years.

McMillin said he signed the contract contingent on receiving his release from Indiana University. His contract there still has seven years to go.

He indicated he would telephone the Hoosier board of trustees this afternoon and submit his request. There is considered little doubt that the board will acquiesce to his query.

Simple Arithmetic

Many reasons have been advanced for McMillin's departure from Indiana but the best is a matter of simple arithmetic. As coach of the Hoosiers he received \$12,500. His new contract with the

Lions will bring him \$210,000 in the same length of time it would take to garner \$87,000 at Indianapolis.

Another important factor is the decline of Indiana's football fortune since it's Big Nine championship in 1945. Indiana finished third in 1946 and wound up in a sixth place tie last season.

That the coming year or so will be little better was indicated by reports that the 1947 freshman crop was one of the poorest in years.

McMillin will leave Detroit this afternoon for Chicago where he will take a night train to Ames, Ia., where he has a speaking engagement. He is expected to begin his duties with the Lions next week.

No Meeting Of Umps Tonight

There will not be a meeting of the Lawrence County Umpires Association at the "Y" tonight, it was announced by President Albert Conti. The meeting has been postponed until further notice.

BASKETBALL is on wane with the Section 33 race ending tonight and the Section 3 pursuit due for conclusion next Tuesday eve. Barring tremendous upsets it will be Besemer and Aliquippa, respectively, carrying their banners into the WPIAL play-offs. Let's take a look at the two loop leaders. . . Besemer, under the capable coaching hand of William Ciccone, hasn't copped a section diadem since the 1941-42 season. The Besemer floor mentor has a team of great possibilities—not too rangy, but possessing court know-how and the aggressiveness. Only one performer, Harry Glass, the brilliant guard, will be graduated this June and Mr. Ciccone should have a top contender next season. Glass is a deadly shot, either close up or in the back court and has much to do with the Cementer cage fortunes this campaign. . . "Gus" Anderson, tall sophomore forward, is the leading scorer, with 152 markers, while Glass has popped in 138. . . Anderson is a fine rebound man, and a glue-fingered floor artist. . . Henry Pezullo, the foot-ball fullback, and a junior, handles the center post and is a scrapper from the word "go". The other forward is Ray Gennaro, a junior, while Charles Stanley, the smallest man on the starting five, is Glass' running mate at guard. Stanley is also a junior. Aliquippa deserves its top notch and its second straight section crown due to its all-around play—mainly overall scoring punch and a beautifully-synchronized movement of the ball. . . Coach Kenny Webb, in his first year as Indian coach, has an expertly drilled quint that plays best under pressure and makes advantageous use of height. The "Quips" should carry the Section 3 honor far in the eliminations. Last year they reached the WPIAL finals before bowing to the classy Duquesne. Followers of the sport see them meeting potent McKeesport, Section 6 Kingpins, this year for the crown. These two divisions usually clash for the district 7 title.

Jack Biddle, local middleweight, has returned from Miami, Fla., where he fought Danny Rosetti of New York to a 10-round draw. Biddle got off the floor in the second round at the count of eight. He dropped Rosetti in the last round with a right hand punch for a count of nine. Biddle then struck him with a left hook that drove Danny to the ropes. He clinched and the bell ended the fight with Danny holding on. When the referee parted the boxers Rosetti fell to the canvas. He said later it was the hardest punch he ever was struck. Biddle hopes to land a bout with either Lee Sala or Steve Belloise in Miami. . . Howard and Les Truby, the former of Wilmington, Del. and latter of Baltimore, are visiting their parents. Mr. and Mrs. H. L. Truby of North Mill street. In the days of the Jolly bowl, Howard was an efficient attache.

Promoter Sues Ezzard Charles

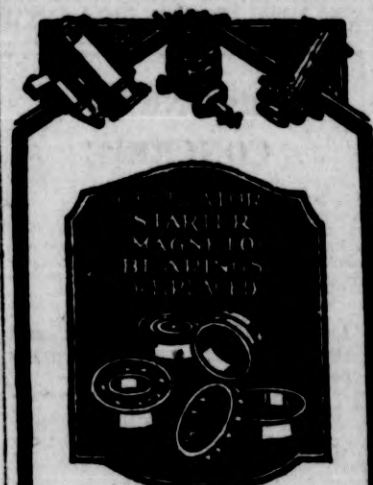

CHICAGO, Feb. 20.—(INS)—Ezzard Charles, Cincinnati's hard wallop light heavyweight boxer, has more than tonight's 10-rounder at the Chicago stadium with Sam Baroud on his mind. Chicago sports promoter Mique Malloy filed a \$10,000 breach of contract suit against Charles in Chicago Superior Court yesterday. The suit charges that Charles accepted an offer to box Al Hoosman at Chicago's International Amphitheater on Jan. 9 of this year under Malloy's promotion. It stated that Charles then signed to fight Archie Moore at Cleveland, O., Jan. 13 and failed to meet his contractual agreement with Malloy.

Tommy Farr's record shows only one knockout defeat. That was on May 15, 1933 when he was kayoed in seven rounds by Eddie Steel.

Fencing dates back as a sport before the Christian era and is over 2,000 years old.

Money In Circulation Discussed By Babson

By ROGER W. BABSON
(Copyright, 1928, Publishers Financial Bureau, Inc.)
BABSON PARK, Fla., Feb. 20.—Since my recent column stating that high prices are largely a matter of "supply and demand", I have received many letters of protest. These letters claim that the "amount of money in circulation" is the main cause.

Money In Circulation
There is about three times as much money in circulation today as there was ten years ago. This doubtless is a factor in the situation but it makes no difference how much money is in circulation if people do not buy goods.

Ten men may be sitting around a table where each one owes the other a hundred dollars, or a total of \$1,000. By presenting one of these men a hundred dollar bill he can pass it to the next man, and the next man to the next man, and so on; then this 100 dollars can "pay up" the entire debt of \$1,000. But this does not effect prices one penny.

Russia's Cure
What Russia has recently done in reducing the amount of money in circulation was done at the suggestion of her economists who, through advance notice, had their savings in land, commodities and other real things which were not deflated. This program of Russia, however, does not increase the amount of food, clothing and shelter available to the Russian people which are the things in which they are really interested.

President Truman could accomplish the same thing in a gradual way by paying off government debt, increasing bank reserves, raising interest rates, forbidding installment sales, but for political

and other reasons the administration shies away from sound recommendations.

Robbing Us Of Gold
Readers will remember that during the early part of the Roosevelt administration when we held more gold than any other nation, President Roosevelt made us turn in all our gold coins. At that time gold was worth \$20.67 per ounce compared with \$35 per ounce for gold today. Mr. Roosevelt did this on the advice of the same economists who are now raising me for saying that "inflation" is 90 per cent a question of supply and demand.

President Roosevelt then robbed the American people of billions of dollars which they had honestly earned. It was as bad as what Russia is doing today. The gold which the citizens of the United States then held was not used for circulation. It was in the bureau drawers of our wives and children; it was carried in our own pockets for luck and emergency, and much of it was in safe deposit boxes throughout the country. When, however, President Roosevelt forced us to turn in all of this gold and exchange it for paper currency, this paper money was spent, and hence, greatly inflated the amount of currency outstanding. As the swapping of gold dollars for paper money then increased the amount in circulation, why wouldn't the reverse be true today? If Washington is really serious in reducing the amount of money in circulation, why not offer people their gold dollars back again in place of the paper dollars which they would turn in? The U. S. Treasury certainly has gold enough buried in the ground.

Coale's New Book
I have just finished reading a new book by Ansley J. Coale entitled "Vulnerability to Atomic Bombs", prepared under the direction of the Social Science Research Council. It is published by the Princeton University Press and should be read by everyone. This book plainly shows that if World War III should come, it would destroy some of our large cities. After reading this book, I made up my mind to put some good banknotes in a safe deposit vault and, in fact, hide away some silver dollars or half-dollars.

If every reader would follow the above program this would result in reducing the amount of money in circulation which the economists say is necessary and, at the same time, give each of us some ready money in case World War III closes our large city banks! Certainly, the government cannot object to us storing up good bank notes and silver when claiming that the amount in circulation is responsible for high prices.
